

AWARD-WINNING CURRICULA

By bringing a Kindermusik educator into your child's world, you'll be providing children with a strong foundation for a lifetime of learning.

Kindermusik educators lead children through playful, interactive music-making activities. Lesson plans are crafted and tested by our team of music education experts, child psychologists, and preschool teachers to create engaging learning experiences during the years most critical to brain development. Lessons use music to reinforce such skills as:

PHONEMIC AWARENESS AND LITERACY SKILLS

TURN-TAKING AND COOPERATIVE PLAY

SOCIAL-EMOTIONAL DEVELOPMENT

BODY AWARENESS AND INHIBITORY CONTROL

“ Kindermusik is a powerful tool to facilitate social reciprocity and communication skill development. ”

For three generations, Kindermusik has helped millions of children around the world build a strong foundation for a lifetime of learning.

Using research-based musical curricula, we engage your child's mind and senses during the years most critical to brain development.
